Affordable holidays in Norway?

Thanks to the weaker Norwegian currency, there has never been a more affordable time to explore Norway. This spectacular Scandinavian country offers jaw-dropping scenic views and a huge range of attractions and activities to suit every interest and age – so why not plan your next holiday in Norway? Norwegian suggests some ideas for a fantastic holiday in Norway.

Norway is globally renowned for being one of the most beautiful countries in the world and this summer holiday makers will get more bang for their buck thanks to the weaker Norwegian Krone. There is a wide range of activities to keep the most demanding holiday maker occupied and the spectacular

mountains, fjords, and small villages are waiting to be explored.

”A holiday in Norway can easily be combined with a few days in the capital Oslo followed by visiting some of our famous destinations like Lofoten, Tromsø and Trondheim. Norwegian offers direct flights to Oslo from London Gatwick, as well as other popular European cities, and has a large domestic route network in Norway,” says Magnus Maursund, Chief Commercial Officer at Norwegian.✕✕✕✕

Where’s hot in Norway right now?

Lofoten

Lofoten is a group of islands in northern Norway known for its mountains, beautiful beaches, the northern lights and the midnight sun. It is a popular destination for hiking, surfing and fishing.

About Norwegian

Norwegian is the largest Norwegian airline and one of Europe's leading low-cost carriers. The company has around 4,500 employees and offers a comprehensive route network between Nordic countries and destinations in Europe. Since 2002, more than 300 million passengers have flown with Norwegian. The most important task has been to offer affordable plane tickets to all and to offer more freedom of choice along the journey.

Norwegian is a driving force for sustainable solutions and the transformation of the aviation industry. The company's goal is to reduce its CO2 emissions by 45 percent within 2030. To this means, the company is renewing its fleet, promoting sustainable aviation fuel, reducing its waste, and using wind and weather data to calculate the most efficient fuel-saving flights routes. Norwegian wants to become the sustainable choice for its passengers.
