## **Norwegian releases summer 2023 schedule**

A continued strong focus on the core Nordic markets and an improved offering on popular city and beach destinations across Europe are key elements in Norwegian's summer schedule for 2023. As part of the programme which runs from March to October 2023, Norwegian has put up 239 routes for sale.

- We are pleased to present our flying schedule for the coming summer season. The new schedule contributes to strengthening our position as a leading carrier in the Nordics with many high frequency routes in and

between the Nordic countries and to popular destinations across Europe. We look forward to a good and busy summer season and to welcoming our passengers onboard, says Geir Karlsen, CEO of Norwegian.

During the last couple of years, Norwegian has gradually increased its' fleet as demand for air travel returned. Norwegian expects to operate 85 aircraft during the summer of 2023 which is an increase of 15 aircraft compared to the summer season 2022. This will allow Norwegian to offer more departures on the most popular routes, giving the customers even more flexibility as they plan their travels.

- I am happy that we have been able to gradually increase our capacity to match the demand in the market. During the coming summer season, we expect to increase the capacity even further to the benefit of our travelers, says Geir Karlsen.

The schedule that is already for sale now at [norwegian.com](http://norwegian.com) contains 239 routes split across markets as follows:

Norway: 131 routes

Denmark: 51 routes

Sweden: 51 routes

Finland: 17 routes

The markets do not sum to 239 due to the fact that routes going between two markets are counted in both.

---

## **About Norwegian**

*Norwegian was founded in 1993 but began operating as a low-cost carrier with Boeing 737 aircraft in 2002. Since then, our mission has been to offer affordable fares for all and to allow customers to travel the smart way by offering value and*

*choice throughout their journey.*

*Norwegian has been voted Europe's Best Low-Cost airline by Skytrax for six consecutive years and won Airline Program of the Year Europe & Africa at the Freddie Awards for four consecutive years. Since 2012, Norwegian has won over 55 awards for our service, product, and innovation in the industry.*

*We were the first airline in the world to join the UN Climate Secretariat's climate action-initiative in 2019, pledging to work systematically to become carbon neutral by 2050.*

*Norwegian operates a short haul network across the Nordics and to key European destinations providing customers with excellent quality at affordable fares.*
